**Independent & Assisted Living • Short Term Rehabilitation • Skilled Nursing
Memory Support Care • Palliative Care • Home Health Skilled Care • Private Duty Care
Outpatient Occupational, Physical & Speech Therapy**

Award-winning service. Exceptional care.

We are proud of the many significant awards and distinctions Altenheim Senior Living has received this past year. According to Ohio Health Care Association reports, **Altenheim is in the top tier of all skilled nursing communities in the state of Ohio.**

More importantly, we are proud of our dedicated, caring staff and the commitment to care they provide every day.

Shurmer Place MEMORY ASSISTED LIVING

At Altenheim Senior Living, we believe memory loss and dementia-related illnesses should never determine a person's choice or desire to live as they always have — in a cozy, comfortable, residential environment where they can enjoy life to its fullest potential.

The Hearth Room

Dining Room

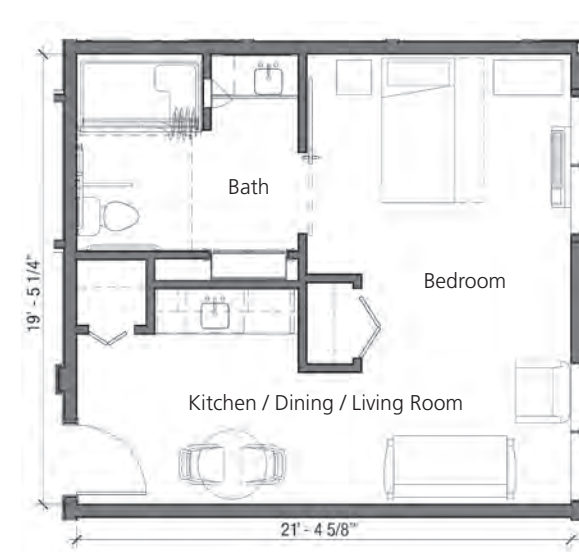

Shurmer Place Memory Assisted Living has 38 private suites in six households, each with its own living room and either an enclosed four-season room or a separate porch with direct access to the outdoors. Each of the households comprises six or seven apartments featuring kitchenettes and private bathrooms with large, fully accessible roll-in showers. Located on each floor is a residential-style household kitchen with multiple dining rooms, a multi-sensory room, as well as other amenities to ensure maximum independence in a safe residential environment.

Special memory programming includes:

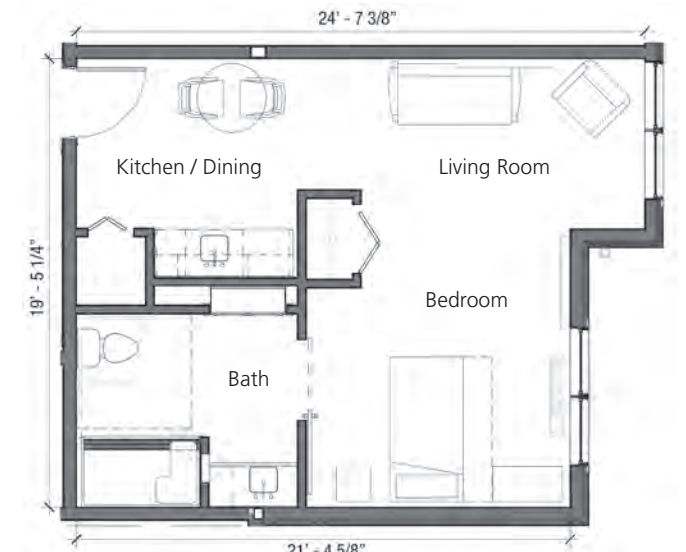

- Life Stories
- Altenheim's Project Answers
- Intervention Booklet
- Hand in Hand Training
- Ongoing Dementia Capable Care Training for Staff
- Loving Hearts Philosophy
- Gift of Purpose Program
- Opening Minds Through Art
- Virtual Dementia Tour
- Support Groups
- Music & MemorySM

Shurmer Place has strong connections to nature as a source of well-being and for its therapeutic value. In addition to expansive windows with exterior views and natural light, the new building has outdoor access to secured courtyards, gardens and walking paths that enhance sensory stimulation, and encourage social interaction and physical activity.

Our care is based on Altenheim's Loving Hearts Philosophy which incorporates key factors in caring for those with Alzheimer's or related dementias. Our memory care staff is specifically trained in caring for individuals with dementia and memory loss, devoting their time to doing things with residents rather than simply for them. With a responsive staff-to-resident ratio, Shurmer Place Memory Assisted Living offers a combination of individual attention, personal care and professional expertise that is unsurpassed in senior care.
